POWER OF ATTORNEY

A Power of Attorney is a very important and powerful legal document that allows someone, known as your attorney, to make financial decisions on your behalf when you're not able to or simply do not want to. You might have lost the capacity to manage your finances through old age, accident or illness. Alternatively, you may simply lead an extremely busy lifestyle and would prefer someone else to manage your financial and legal affairs on your behalf.

ENDURING GUARDIANSHIP

Enduring Guardianships are an excellent estate planning tool that sets out your wishes in relation to your health and lifestyle. Your loved ones will benefit immensely from seeing your wishes documented in black and white, particularly if they are forced to make difficult end of life decisions for you. Your family will have peace of mind knowing that they have carried out your wishes in accordance with your own directions.
